

Cedaredge Real Estate Brokerage Moves to New Office on Main Street

Broker-Owner Adds to Portfolio of Real Estate Investments on Colorado's Western Slope

CEDAREDDGE, COLORADO, 19 Nov 2021 – Robert Gash, broker-owner of United Country Real Estate Western Land & Lifestyle Properties, closed a new office building on the Main Street of Cedaredge. This purchase marks yet another of many of Robert's closed and future investments in Western Colorado real estate. It's also a key indicator of growth for United Country Real Estate Western Land & Lifestyle Properties.

The new United Country Real Estate Western Land & Lifestyle Properties office is a familiar building on the corner of Main Street. It is the long-term home of Gazebo Florist and formerly Grand Mesa Outdoors, which vacated its space earlier this month. Robert will open the real estate office in early 2022, renovate the old office space vacated by the former tenant, and begin exterior improvements to the building sometime next year.

United Country Real Estate Western Land & Lifestyle Properties' new office will give the community greater access to buying and selling lifestyle properties in Western Colorado. Robert's brokerage specializes in listing homes, farms, ranch, hunting, fishing, cabin, and other lifestyle properties on the Western Slope. He has also invested in a 50-acre agricultural property in Delta and a commercial lot outside Cedaredge, poised for future development.

Since opening its doors in 2020, the brokerage has made a splash in the local real estate market, such as closing on the \$3 million sale of [Bear Slide Ranch](#), which was under contract after only five months on the market. Robert attributes his success to his real estate marketing strategy, which hyper-targets prospective buyers across the nation. He recently hired an experienced marketing director and plans to expand further by strategically adding passionate brokers to the team.

About United Country Real Estate Western Land & Lifestyle Properties

United Country Real Estate Western Land & Lifestyle Properties is Western Colorado's leading brokerage for farms, ranches, land, homes, and cabin properties, founded in 2020 by Robert Gash.
